Information for graduating students

Congratulations to our new graduates!

The following information will assist you in your transition from iSchool student to iSchool alum.

**Email accounts**

Upon graduation, your @mail.utoronto.ca email address automatically converts to an @alum.utoronto.ca email address. Messages sent to your @mail.utoronto.ca address will be forwarded to your @alum.utoronto.ca address for up to two years. For details about alumni email services, see: uoft.me/alumni-email.

Remember to unsubscribe from any listservs or mailing lists that you subscribed to with your @mail.utoronto.ca account.

**iSchool computers**

Access to iSchool computers, such as those in the Inforum and in rooms 224/225, will cease some time in August. The public workstation in the Inforum will continue to be available for library research purposes.

**Building and lab access**

Graduating students who require building and room access after convocation because they are conducting research for or are employed by the Faculty should email Glen Menzies, Facilities Coordinator, glen.menzies@utoronto.ca.
Returns and fines
Return all library items you have checked out to avoid fines.

Pay outstanding fines in person at the Robarts Loan Services desk or online at payfines.library.utoronto.ca/

Alumni borrowing privileges
U of T library borrowing privileges, including Inforum borrowing privileges, tech loans, and remote access to library e-resources, will expire in late September.

To continue borrowing books from the Inforum library collection after September, you can register for an Inforum borrower’s card. Find out more at uoft.me/inforum-borrowing.

If you wish to continue borrowing from other U of T libraries, you can purchase a U of T alumni card. See uoft.me/alumniservices for details.

Quick reference
Alumni continue to have access to quick reference assistance from Inforum librarians. This includes providing answers to factual questions that can be readily answered, for example:

• How to find books, articles, and other resources
• Questions about citation formats

Faculty of Information Alumni Association
The Faculty of Information Alumni Association (FIAA) represents nearly 6,700 graduates of the iSchool. Graduates automatically become FIAA members. FIAA members receive invitations to alumni events, such as the OLA Super Conference Reception and the Alumni Reunion, notice of the annual magazine, Informed, as well as a bi-monthly e-newsletter during the academic year.

Stay connected and receive these invitations by adding your current contact information to our database. If your information changes, you can update it at ischool.utoronto.ca/alumni/stay-connected/address-change/.

To learn more about FIAA activities, or to volunteer for FIAA’s Ask an Alumni program, visit ischool.utoronto.ca/alumni/ask-an-alum/.

iSkills for alumni
The Inforum Library and FIAA will continue to work together to make iSkills Workshops available to Faculty of Information alumni for free. FIAA will send out information about iSkills Workshop spaces for alumni at the beginning of each semester.
Professional development and education
The Faculty of Information partners with the University of Toronto School of Continuing Studies (SCS) to administer courses offered by the iSchool Institute. For a list of courses and alumni benefits offered by the SCS, visit their website at learn.utoronto.ca/.

Careers office
The Faculty of Information offers a wealth of innovative programs and resources to help graduates launch their ideal career path and facilitate future employment opportunities. Our winning formula for career success results in consistently high placement rates among recent graduates.

To make career decisions that are right for you, our Careers Officer will help you identify strengths, determine career objectives, develop career plans, hone skills for career management and put your professional development plan into action.

As graduates from the Faculty of Information, you will have access to a breadth of job search and career development programs and services. These year-round offerings are intended to help support you after your studies. These offerings include:

- One-on-one career advising
- Access to take part in our Job Shadowing program (offered in collaboration with FIAA)
- Career networking and panel discussion events

These offerings, along with more career resources, can be found at uoft.me/ischool-career-services. You can also contact the iSchool Careers Officer Alex Howes via email alex.howes@utoronto.ca with any questions or to make a career advising appointment.

Job site
Looking for a job? The Faculty of Information manages a job board you might want to check out. To view our global job listings or to place a job notice, visit ischool.utoronto.ca/job-site/.
